Alejandra discovered her passion for tourism at 15. Growing up in Argentina, she knew she wanted to help travelers experience the world authentically. This dream led her to France, where she continued her career in tourism. In 2022, she took the leap and founded Toorers, a guided tour company that combines personal connection with unforgettable travel experiences.

Today, Toorers thrives with a dynamic and international team, all handpicked by Alejandra for their passion and dedication. Known for her strong leadership and supportive nature, she has created an environment where her team feels valued and motivated to deliver the best service possible. Fluent in five languages and deeply involved in every aspect of the business, Alejandra has fostered a culture that balances excellence with care.

By focusing on small group and private tours, Toorers embraces responsible travel, ensuring that tourism has a positive impact on both clients and the destinations they explore. This thoughtful approach, paired with Alejandra's genuine care for her team and clients, makes Toorers a trusted partner for B2B clients looking for top-tier, personalized tour experiences.

A fabulous food tour

Tripadvisor Review: Saint Germain des Pres Food Tour

We had the most wonderful afternoon walking around saint germain, hearing wonderful stories of Parisian history and food culture and tasting delicious food. Our 10 and 8 year old children were stimulated and included, which was a challenge given we were jet lagged from Australia. Alejandra was a sensational guide. 100% would recommend.

From the moment of booking to the end of our fab tour I felt like we were in great hands. I know the city well and still managed to be taken deeper into it's hidden spots and never ending history! Merci beaucoup

Social Responsibility & Sustainability

At Toorers, we are committed to responsible tourism that respects and protects the places we explore. Our philosophy centers around creating memorable experiences while minimizing environmental impact and supporting local communities. Here's how we prioritize sustainability:

1. Commitment to Sustainable Tourism

Toorers is dedicated to reducing our environmental footprint. Our focus is on small private tours, which not only offer a more personalized experience but also help avoid the negative effects of mass tourism on local environments and landmarks.

2. Partnerships with Local Communities

We partner with local artisans, guides, and small businesses to contribute directly to the community. By collaborating with these local partners, we ensure that tourism dollars support sustainable economic development and preserve cultural heritage.

3. Sustainable Practices on Tours

We actively work to reduce plastic waste by encouraging reusable materials and avoiding single-use plastics wherever possible. By choosing Toorers, you are not only enjoying a curated experience but also contributing to the future of sustainable travel. Together, we can make a difference for the planet and for generations to come.
